Dear [Hiring Manager's Name],

I am writing to express my strong interest in the Python Developer Internship position at [Company's Name].

In the course of my studies at Vel Tech Rangarajan Dr. Sagunthala R&D Institute, I have developed a solid foundation in Python programming.

Additionally, I designed an Evacuation Support System for Disaster Management, which involved deploying a web application.

My technical skills in SQL, combined with proficiency in Flask and Django, equip me to effectively build and maintain web applications.

I am particularly drawn to this internship opportunity at [Company's Name] because of [mention any specific reason].

Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences align with your needs.

Warmest regards,

V. Naga Prathyusha
